

**Master of Science in Biomedical Sciences
Class of 2024
Academic Year 2023-2024**

WMed faculty embraces a format-neutral environment where learners select the medium that best meets their learning preferences. Required textbooks support the delivery of curricular content identified by the faculty to facilitate a balanced, chronological presentation of new material to the learner. Therefore, students will be responsible for acquiring required textbooks and given the following options, purchasing or renting an online digital book from [VitalSource](#), purchasing or renting a print textbook from a third-party bookseller, or accessing through the [Medical Library's online collection](#), when available. Required textbooks support the delivery of curricular content identified by the faculty to facilitate a balanced, chronological presentation of new material to the learner.

Required Textbooks

Supplemental Educational Resources

The list above does not provide access to other materials students may choose to purchase to supplement their studies or training. Before purchasing additional materials, inquire with the [WMed librarians](#) to see if a copy is available at the [library](#). Students may choose to buy materials the library cannot provide access to supplement their training. The [AddAll Book Search and Price Comparison](#) website compares online bookstore prices and shipping charges for students who opt to purchase additional print study material. AddAll is an independent and impartial website and does not sell electronic or print textbooks.

Cost

The cost to purchase all required first year materials is **\$689.80**.

The cost to purchase all required and recommended materials is **\$743.28**

The amount billed by the WMed Accounting Department to the learner for Scholar RX is **\$220**.
