

**Doctor of Medicine Degree Program
Year 2 – Preclinical & Core Clerkship
Class of 2029
Academic Year 2026-2027**

Required

USMLE Step 2 Study Tool

The WMed faculty supports the use of a USMLE-style question bank as an effective tool for study and test preparation. The medical school will purchase on your behalf a discounted subscription to the USMLE for preparation of the Step 2 exam.

Students *should not* purchase an individual subscription to UWorld for Step 2, as prior individual payments cannot be retroactively applied or refunded by the school or vendor. You will receive your UWorld account and activation instructions during the first week of Rotation 1 of the Core Clerkship. The Office of Student Affairs will communicate additional details regarding UWorld distribution.

Title‡	Course	Retail Price	Discounted Price**
UWorld USMLE Step 2 Qbank 540-days + Form 1 & 2	Clinical Applications courses‡	\$1,138	\$599

**To be billed and account access supplied to the learner by WMed.

‡USMLE question bank is used in both Year 2 and Year 3 of the medical education program.

Important Note: You cannot suspend and then reactivate your UWorld subscription if you take a leave of absence (LOA) after receiving and activating your Step 2 Qbank. UWorld requires that you enter and use the Qbank within the subscription period. UWorld does not provide free extensions for unused time. WMed will not refund any unused portions of your subscription.

If you delay taking the USMLE Step 2 exam, UWorld offers discounted extension options (available by the week or month) before your initial subscription expires. It is an additional cost that you must arrange and purchase on your own.

Core Clerkship Resources

The Medical Library's [Clerkships Guide](#) offers students access to required and recommended textbooks, mobile applications, clinical case file collections, and test preparation materials for the Core Clerkship. The school provides electronic and print access to all listed book titles unless otherwise stated in the guide. Note that some recommended mobile applications may require a nominal subscription fee, which learners are responsible for covering all costs.

Required Fee

The *non-refundable amount* billed by the WMed Accounting Department: **\$599**

The cost of purchasing all required materials: \$599

Recommended

Anatomy Resources

Students can choose to purchase optional resources or use the Medical Library's [online anatomy collection](#).
