Required USMLE Question Banks

The WMed faculty embraces the advantages of incorporating USMLE-style question bank for study and test preparation. The medical school will purchase on your behalf a discounted UWorld subscription to prepare for the USMLE Step 2 exam.

Thus, students should not individually purchase a UWorld USMLE Step 2 subscription. UWorld will not apply prior payment retroactively or issue a refund to an individual. You will receive your account and instructions on how to activate the UWorld account in the first week of Rotation 1 of the Core Clerkship (March 2026). Further communication will be provided through Student Affairs regarding this group purchase.

Title‡	Course	Retail Price	Discounted Price**
UWorld USMLE Step 2 Qbank 540-days + Form 1 & 2	Clinical Applications courses	\$1,038	\$599

**To be billed and account access supplied to the learner by WMed.

‡USMLE question bank is used in both Year 1 and Year 2 of the medical education program.

Important Note: You *cannot suspend and later reactivate* your UWorld subscription if you take a leave of absence (LOA) after receiving and activating your Step 2 account. UWorld requires that you use the Qbank within the subscription period and will not grant free extensions for unused time. WMed will not refund any unused portions of your subscription. If you delay taking the USMLE Step 2 exam, UWorld offers a heavily discounted rate to extend access by the week or month before your initial subscription expires. It is an additional cost that you must arrange and purchase on your own.
